NEW DISTRIBUTOR PARTNERSHIP FOSTERS GROWTH IN ALBERTA INSTRUMENTATION BUSINESS

Tundra Boiler and Instrumentation, Ltd. in Edmonton and Calgary Welcomes Winters Products

ALBERTA - Tundra Boiler & Instrumentation, Ltd., Alberta's source for plant equipment and service, has partnered with Winters Instruments to supply pressure and temperature instrumentation to the region. This strategic partnership will support Tundra Boiler & Instrumentation's goal to become a leading supplier of instrumentation products, boilers and process control solutions to the Canadian marketplace. The partnership will also strengthen Winters Instruments' presence in the country's western region. "Winters is a world leader in industrial instrumentation and sets the industry standard in exceptional customer service; Tundra is pleased to be a new distributor and we will have plenty of stock on our shelves to meet the needs of the Alberta marketplace," says Iggy Domagalski, Chief Operating Officer of Tundra Boiler & Instrumentation, Ltd.

Tundra Boiler & Instrumentation will stock and distribute Winters Instruments' pressure gauges, thermometers, diaphragm seals, electronics and related accessories, and receive Winters' full technical support and service. Winters has over 55 years of experience in manufacturing industrial instrumentation, and is now deeply committed to growing its business in Western Canada. Winters Instruments is a global manufacturer of pressure and temperature instrumentation, with distribution in over 80 countries. Tundra Boiler and Instrumentation prides itself on providing the highest quality instrumentation products and services to the industrial world and offers a 100 per cent satisfaction guarantee on all parts, installation and service.
